The weekly check will be conducted during the evening on an agreed day each week, usually Thursday, any machine not available cannot be checked. Online backups supplied by us will be checked remotely. Onsite backup, user is responsible for media management, will only be monitored at the weekly check.

Before service commences the systems will be subject to a mandatory Healthcheck at cost of £30.00 per machine Maximum charge of £150.00 per site. Any remedial work required to bring the systems upto required standard for support will be charged at the hourly rate for the proposed plan. The Healthcheck cost will be offset against this remedial charge.

None of the above plans include the cost of any required hardware or software. Backup software (except online backup), anti-virus and firewall software can be supplied by Umtali Ltd at the customer's cost or by the customer.

Online Backup Pricing

Desktop workstations and laptops.

Upto 512Mbyte	£6-00 per month
512Mbyte to 1Gbyte	£8-50 per month

Additional storage over 1Gbyte £5-00 per month per Gigabyte rounded upto nearest Gigabyte. In the event there are more than one backup per site then any storage over 1Gigabyte per machine will be aggregated to calculate the additional storage cost.

For example if there are 3 machines with storage capacities of 400Mbyte, 1.3Gigabyte and 1.5Gigabyte the total cost would be £6-00+£17-00+£5-00 = £28-00 per month.

Servers

Basic Licence	£32-00 each per month
Plugin's for SQL and Exchange	£24-00 each per month
SBS server (Basic+SQL+Exchange)	£60-00 each per month

Storage £5 per month per Gigabyte rounded upto the nearest Gigabyte. All accounts will be aggregated before rounding, so 2 machines using 1.4 and 1.3 Gigabytes each will be charged as £3 Gigabytes.
